

SINCE 1925

LAMINATED BOOT COVER

DESCRIPTION

Coated polypropylene has the added benefit of a solid sheet of polyethylene bonded to the surface providing protection where liquid splash is a concern. The polyethylene film is impervious and non linting with great tensile strength. An economical solution for light non hazardous splash protection, and any wet general maintenance areas.

CHARACTERISTICS

- Impervious to liquids
- Water repellent
- 100% latex free

BC-NWPI
