WHITE POLYPROPYLENE BOWL COVERS

The use of Keystone Cleanroom Product's Polypropylene Bowl Covers is an efficient and consistent means of protecting critical surfaces from external sources of particulate contamination after cleaning. The breathable material allows residual moisture from the cleaning process to evaporate.

- Conveniently covers cleaned pharmaceutical production equipment
- Breathable
- Manufactured and packaged in a Certified ISO8 Certified
- Latex-and talc free rubber elastic
- Low Lint
- Packaged 1 per labeled poly bag with Date of Manufacture and Lot Number for Complete Traceability

PHYSICAL PROPERTIES	
Material –100% Non-woven polypropylene Fabric, CAS# 9003-07-4	
Color	White
Basis Weight	1.25 oz. sq. yd
STRENGTH PROPERTIES – (MD machine direction; CD cross direction.)	
Elongation (MD)	69.2%
Elongation (CD)	68.4%
Tensile (MD)	99.0 N / 5cm
Tensile (CD)	60.7 N / 5cm
THERMAL PROPERTIES	
Melting point is > 225°F.	
BARRIER PROPERTIES	
Vapor Pressure	negligible mm HG/70F
